Subject: FW: Bellwood Neighborhoods - Elbow Road Expansion

All,

I just got the email below from Annette Hare. She is wanting to open up discussions on the affects that the Elbow Road expansion will have to our neighborhood signs at the Margaret Drive & Meadow Crest. She will be setting up a meeting to discuss in a few weeks. I will share when I know more. Also, below you will see that she mentioned that they have a proposal for where to place the emergency exit path & a possible expansion to Bellwood Forest. There are no plans made available to the public yet. Just want to keep you in the loop.

Mike,

As you can imagine, *Elbow-IB's* construction start schedule has been postponed. <https://cipstatus.vbgov.com/ProjectDetail.aspx?id=128>

Soon, I'll begin negotiations with the developer of *Bellwood Forest – Phase 2* (a proposed 12-lot expansion of Bellwood Forest... Brodner Lane extension) to incorporate an emergency-vehicle-access path into the developer's construction plans.
